**Re: Service Electric Cable Television, Inc.
February 20, 2013 Petition for Special Relief**

Dear Ms. Dortch:

This letter is in reference to a Petition for Special Relief that already had been filed on behalf of Service Electric Cable Television, Inc. through ECFS on February 20, 2013, together with a Remittance Advice documenting payment of the requisite filing fee (ECFS Filing Receipt Confirmation Number 2013220310328). Upon reviewing ECFS the following morning, it was discovered that both the Petition and the Remittance Advice had been placed in the public viewing section of ECFS. We then requested that the staff accord confidential treatment to the Remittance Advice, which displayed the applicant's credit card information. However, even though the Remittance Advice was a wholly separate document from the Petition, the staff marked both the Petition and the Remittance Advice as confidential. Since then, we have had numerous discussions with Commission staff in order to have the Petition itself restored to the public viewing side of ECFS. This morning we were finally advised that that was not possible and that the Petition should be re-filed. Consequently, that is the sole purpose of the instant re-filing. We respectfully submit that this re-filing is a purely ministerial matter to accommodate the ECF system in order to enable the Petition to be viewed on-line and has no bearing upon the original filing and payment date.

Respectfully submitted,

Peter Gutmann
